MEMMORANDUM

Date:	December 30, 2024
То:	Board of Trustees
From:	Roberta Reed, DBM MM
RE:	Banking Resolution and Minute Order

Recommended Action:

- 1. Approve and adopt Resolution 25-01 naming the signatories to District banking accounts by position.
- 2. Approve by minute order the positions of a) Chairman, b) Vice-Chairman, c) Secretary d) Treasurer and e) Operations Manager.

Background Information

It seems to be an involved process to get banking signatories changed and updated. A resolution can be given to the bank designating signatories by position. In the future, the board can simply adopt a minute order when trustees change to get the old trustee removed and the new trustee added. The staff can then deliver this minute order to the bank to get the process started of either removal, addition or both. Of course, the Chairman can make the removal immediate by direct contact.

Financial Impact:

None.

RESOLUTION 25-01

A RESOLUTION TO BANKING INSTITUTIONS IDENTIFING SIGNATORIES TO TOPAZ RANCH ESTATES GENERAL IMPROVEMENT DISTRICTS

WITNESSETH

WHEREAS, the Topaz Ranch Estates General Improvement District ("District"), a duly authorized and constituted general improvement district pursuant to NRS 318, and in exercise of its powers, duties and authorities contained in NRS 318, has authorized certain persons to be signatories on District banks in Standing Rules 1, 2, 3, 4, and 5 ("Rules) (attached as Exhibit "A"; and

WHEREAS, the Rules identifies the following persons to have signatory authority on District banks:

District Chairman District Vice-Chairman District Secretary District Treasurer District Operations Manager WHEREAS, a regular public meeting was conducted by the Board on January 8, 2025, at the hour of 6:00 p.m. at the Topaz Ranch Estates Community Center located at 3939 Carter Drive, Wellington NV 89444; and

WHEREAS, this resolution serves to give notice to the District's banking partners who are to be signatories to the District. The name of these signatories will be amened from time to time by minute and that update will be given to the District's banking partners to update, add and remove signatories as so amended by minute order.

WHEREAS, at the regular meeting on January 8, 2020, and the deliberations of the Board concluded, the Board, by motion made, duly seconded, and passed a majority of the Trustees voting in favor of the resolution, resolved identify signatories by position, amended from time to time by minute order.

NOW, THEREFORE, BE IT RESOLVED, that the Topaz Ranch Estates General Improvement District Board of Trustees hereby designates by resolution the signatory appointments to the District banking partners.

This Resolution shall be effective as of January 8, 2025, and shall remain in effect until amended or repealed by future resolutions of the Board of the District.

APPROVED BY VOTE: This 8th day of January, 2025.

MEMMORANDUM

Date:December 30, 2024To:Board of TrusteesFrom:Roberta Reed AMARE:Office Software

Recommended Action:

- 1. Approve and authorize the District Business Manager to acquire Google Workspace for the office at \$12/person/per month (\$1,728 per year for all employees, including Trustees.)
- 2. Approve and authorize the District Business Manager to acquire Last Pass password management system for the office at \$7/person/per month (\$756 per year for all employees, including Trustees).
- 3. Approve and authorize District Business Manager to acquire Adobe Acrobat Teams at \$23.99/person/month for (\$287 per year for one employee.)

Background Information

The office has multiple computers of which none are linked. By acquiring Google Workspace we can have 2T each of storage (in the cloud) and we can manage and link all of out computers to more efficiently share information.

We can have a single administrator who will allow who exactly can see what information. (i.e. limit who can see payroll and other sensitive files.) We will also have the ability to have emails with names with an @tregid company name with a single administrator that can turnoff or add emails as necessary.

Another concern is password security. I have seen passwords written down in various locations. Several people share passwords. This is not efficient, nor is it safe. There is no way to determine who was actually in a file. The business version of last pass has an administrator who can control who has access to what and can cut off any employee or former employee from access. It can generate 12-digit alpha-numeric passwords with symbols. These are stored encrypted so that no one can assist if you forget a password. The administrator has to reset the password and a new password generated.

Adobe Acrobat is another useful tool. It will come in handy in updating and creating manuals. It can be used as a security tool to eliminate sensitive information such as social security numbers, bank numbers when sending documents via email. It can be used with docusign and other documents requiring signatures. While a single user is contemplated, the license can be transferred to another user. The individual plan does not allow for transfers. This tool does need an immediate purchase, but should be considered.

Financial Impact:

If the Board of Trustees opts to approve all three soft ware acquisitions, the cost would be \$2,771 per year.

Hi Roberta,

Thank you for taking some time with me today to discuss your current password management needs and what you're hoping to accomplish. It was a pleasure speaking with you and I look forward to working with you further.

To recap our conversation:

- We have two tiers: Teams vs Business. Teams is the basic option as password repository while Business provides you with full access to security and administrative policies, Admin Controls, and more. Please see attached.
- You need a password manager to keep things secure and organized. Board will have to approve the purchase.
- LastPass Business is listed as \$84/annual per user. So, at list price, 12 users annual would be \$1,008.
- If you can sign and purchase by **1/24/2025**, I have approval to provide you with **25% discount and a** free month of service: \$756 annual for 12 users.

In addition, I am sharing some resources (as links and PDFs):

- LastPass Business Trial
- Business User Overview
- LastPass Business 101
- LastPass Business Policies

o Shared Folders- one to many sharing where shared folders are sync'd automatically to everyone with whom the folder has been shared. Different access controls, such as "hide Passwords", can be set per user.

- o Managing shared folders as an admin
- o User/Group access permission for shared folders

- o Restricting user/group access for shared folders
- o Sharing folders outside my company

If there's anything else you need before then, please don't hesitate to reach out.

Again, Happy New Year to you, your family, and friends. 😂

Yours Sincerely,

Masood

December 2024 - Water and Roads Reports

Water Operator's Report:

Total gallons produced December 1, 2024, through December 31, 2024, 4,025,700 gallons. Well, #1 produced 1,723,800 gallons and well#6 produced 2,301,900 gallons.

The total water sold for December was 2,697,555 gallons. We have continued with general maintenance, SGS lab testing, regularly scheduled PRV vault inspections, vault checks and well maintenance.

1 leak were repaired:

• 12-1-24 - 3775 Ballman Wy. Main break.

Five DW samples were taken from the community. The samples chain of custody then went to SPB to deliver to SGS in Reno for testing on 12-20-24 and we received the results 12-27-24.

November Road Report:

The GID completed road and shoulder repairs throughout the community utilizing grindings except for grading, rolling and oiling.

Repaired/cleared the culverts at Ballman Wy and Pinion.

The GID has two items up for bid. Chevy truck and Emulsion tank. DOM needs to know what an acceptable offer would be for the Chevy truck. The operation of the truck is unknown. Two inquiries have been made.

Equipment:

The Kenworth Bergkamp repairs were completed, and the truck was picked up from Guided truck repair in Gardnerville 12-10-24.

The Kenworth BergKamp was utilized for a driveway repair at the GID office parking lot.

Equipment has been winterized along with fuels.

The sweeper brakes need to be repaired. The backhoe is only operating at 50%.
